Security Cameras and Cable Dishes

1. Installation of Security Cameras and/or Cable Dishes require an Architectural Request to be approved by the HOA Board prior to installation of any unit.
2. A specification sheet for the proposed item(s) is required.
3. A description or drawing of the item placement is required.
4. No penetration of any roof (flat or sloped roofs) is allowed.
5. No part of either system will be installed in or on common areas.
6. Any comprise or damage to the roofs, gutters or downspouts will result in owner responsibility for the repair and/or maintenance of said items.
7. The HOA Board will review the request at the monthly meeting. Meetings are scheduled for the third Tuesday of the month. Submit requests one week prior to the monthly meetings. Instructions are on the Architectural Request.
